PRICE 10 CENTS.

## FOLK OF MISSOURI TO OPPOSE SEN. PYNE

SEN. PYNE NOW  
CHIEF EXECUTIVE  
OF THIS STATE

Carson City, June 2.—Governor Dickerson has been summoned to Vale, Oregon, on account of the serious illness of his mother, and will be gone an indefinite time. During his absence Senator George B. Pyne of Goldfield, president pro tem of the senate, will be acting governor of Nevada. Governor Dickerson today telegraphed Senator Pyne as follows:

Hon Geo. D. Pyne, Goldfield.  
The serious illness of my mother calls me to Oregon, and the affairs of state are in your hands. Finch will keep you advised.

D. S. DICKERSON.  
Governor Dickerson will be out of the state tonight and Senator Pyne becomes governor until his return.

Acting Governor Pyne stated last night that he would not go to the capital unless matters of state required his presence here.

Definitely Announced That the Former Governor Will Run for the Presidency.

LIABILITY OF  
EMPLOYERS TO BE  
INVESTIGATED

By Associated Press.  
WASHINGTON, June 2.—Action was taken today by the judiciary committee of the house looking to the appointment of a committee to make a thorough investigation on the subject of employers' liability, and workmen's compensation. A resolution creating such a commission was reported by Representative Moon, and was based on a bill introduced by Representative Sabath, which the committee had under consideration for several weeks.

Fresh milk and cream—Tonopah Dairy.

## States that He Will Seek the Presidential Nomination in 1912 at a Banquet of His Promoters.

By Associated Press.  
ST. LOUIS, Mo., June 2.—Missouri democrats of all factions at a dinner tonight heard former Governor Joseph Folk announce the principles on which it is said he will seek the presidential nomination of 1912. The dinner was in charge of the men who have been promoting the boom of the former governor.

After listening to several speeches in which the speakers endorsed Folk, the governor said: "The doctrine of equal rights should be made the living vital, controlling force of the government, and that the democratic party should insist upon stamping out graft, and corruption in every department of the government and the eradication of all special favors, including bounties, subsidies and tariff for any purpose other than revenue."

Continuing, Folk said: "We need an honest and sincere enforcement of the laws we already have, the regulation of public utility corporations, the preservation and rights of states to self government, the extension of American trade by removing restrictions of commerce; a just income tax; the election of United States senators by direct vote, and the unrelenting opposition to a domination of public affairs by special interests."

REALISTIC FIRE  
RACE ARRANGED  
FOR THE FOURTH

HOSE CART TEAMS WILL RACE AND EXTINGUISH A BURNING BUILDING.

One of the principal diversions during the two days of the carnival, which starts on the Fourth of July, and ends the following night, will be a realistic fire race. This announcement was made by the committee yesterday and is practically assured. Every hose cart team in Tonopah will be given a chance to compete and the winners will be awarded a substantial cash prize.

The teams will start at a given point and race to a building, which previously will be soaked with kerosene and fired. The hose cart team will connect with a water plug and extinguish the flames. The time of each team will be taken and the organization that has the fire out in the shortest space of time, will be awarded the prize.

This should prove an exciting contest and a half dozen teams will undoubtedly enter for the prize money. Tonopah is fortunate in having a volunteer fire department that understands all phases of fire fighting and the contest will be nothing new for the fire ladders.

NEW YORK DEMOCRATS  
HAVE NEW CHAIRMAN

By Associated Press.  
NEW YORK, June 2.—William J. Connors tonight retired from the office of chairman of the democratic state committee and was succeeded by John A. Dix, who was elected by the committee to fill the vacancy. The retirement of Connors followed the meeting of the committee at Albany last February to consider the question of his election.

GEOLOGIST TO HEAD  
BUREAU OF MINES

By Associated Press.  
WASHINGTON, June 2.—Richard W. Parker, chief statistician of the geological survey is slated to become director of the new bureau of mines. The announcement of the appointment was reported today and will be made by Taft upon his return from his western trip.

AMATEUR AVIATOR  
TO CROSS ONTARIO

ROCHESTER, N. Y., June 2.—Dr. W. H. Greene, an aviator, will attempt on June 21 to fly from Rochester across Lake Ontario to Toronto. He will use a biplane of his own design and manufacture. The distance is about eighty-six miles.

IS APPOINTED  
MANAGER OF THE  
SEWER COMPANY

FRED A. BURNHAM REMOVES OFFICE TO THAT OF WATER COMPANY.

Fred A. Burnham, local manager of the Tonopah United Water company, was yesterday tendered the position of general manager of the Tonopah Sewerage and Drainage company, and immediately started in upon his new duties. Mr. Burnham is one of the best men in his line that ever struck Tonopah. When he first accepted the position of manager for the water company his office was the recipient of hundreds of complaints each month, and the record for the past two months, which has been nearly free from complaints of any kind, shows that he understands his business.

The sewer company office will be located at the water company headquarters and all complaints or inquiries should be made there to Mr. Burnham in person, who will adjust all difficulties and answer all questions in a gentlemanly manner.

## NATIONAL LEAGUE.

ENGLISHMAN  
FLIES 42 MILES  
WITHOUT STOP

By Associated Press.  
DOVER, June 2.—Hon. Charles Stewart Rolls, captain of the London section of the army motor reserve, driving a Wright biplane, vindicated the Anglo-Saxon aeronautics by crossing the English channel twice this evening without alighting. The round trip between Dover and Calais was made in 90 minutes. The distance between the two points is 21 miles, so Rolls over-water flight was forty-two miles without a stop, which is a record. The atmospheric conditions were excellent.

FIGHTERS DENY  
RUMORED REPORT OF  
FAKE ENGAGEMENT

News Agency Quotes Gillett as Saying Fight Was Fixed—Governor and Fighters Make Prompt Denial.

By Associated Press.  
SAN FRANCISCO, June 2.—Johnson could not overcome the desire to give his new automobile a thorough tryout today and as a result no work was done in the training camp, for instead the champion gathered his trainers and sparring partners in the machine and journeyed to San Jose, fifty miles away.

A big night's work is mapped out for Friday night when the champion will give an exhibition in Dreamland rink. Johnson will spar six rounds with his regular partners, and devote 45 minutes to gymnasium stunts.

Johnson and his manager, George Little, were positively wrathful in denying the story from Chicago to the effect that Governor Gillett had declared the fight was a pre-arranged fake which would land the white man the winner.

Rickard, when informed of the governor's alleged statement emphatically denied the report and said the fight would be strictly on the square in every way. Rickard also announced that the talk of referee had been definitely settled.

and that he would be the third man in the ring.

BEN LOMOND, Cal., June 2.—"For two pins I'd pack up, take my family back to the ranch, and call the whole thing off," declared Jeffries today when shown an interview sent out by a news agency from Chicago quoting Governor Gillett as saying the Jeffries-Johnson fight was a "frame-up," arranged for the white man to win. For a while the whole camp was in a turmoil as a result of the story. Corbett boiled over with indignation, and wanted to bet all kinds of money that the governor could not prove his assertion. Later, when the Gillett story was declared untrue by the governor himself, quiet returned to the camp and Jeffries went to work again.

CHICAGO, June 2.—Governor Gillett before leaving Chicago for California today labeled as a "plain lie," the report that he stigmatized the Jeffries-Johnson fight as a frame-up. The governor denied all the statements attributed to him by agents of certain news syndicates.

HORSE THROWS  
BELMONT DURING  
POLO CONTEST

By Associated Press.  
NEW YORK, June 2.—August Belmont was thrown from his horse this afternoon while playing polo at the Meadow Brook Hunt club. There are rumors that he is seriously injured, but at the house it was said tonight that he was only severely shaken up and would be about in a day or so. At the Meadow Brook club it was said that he had a broken wrist.

Reece B. Wampler came in from Round Mountain yesterday and continued on to Goldfield last evening. Specialties at the Big Casino every half hour.

TWO ARM'S  
ARE DESTROYED  
IN NICARAGUA

WASHINGTON, June 2.—Senator Castrillo today received a cablegram sent by Secretary of State Diaz from Bluefields, saying the armies of Generals Lara and Godoy had been destroyed. A message was also received from Minister General Riveria, reporting that General Chamorro took 400 prisoners, large quantities of arms and ammunition and all the field pieces the Madriz forces possessed. More than 200 wounded taken by the provisionals were cared for.

Bobbie Burns, who was one of the participants in the drilling contest held here on the last Fourth of July, came over from Goldfield yesterday and may enter in the approaching event.

MORE RAILROADS  
PROPOSE TO INCREASE  
FREIGHT RATES

Notice is Filed With Interstate Commerce Commission that Lines in West and North Will Raise Charges.

By Associated Press.  
WASHINGTON, June 2.—Undaunted by the governments proceedings under the Sherman anti-trust act, by which part of the proposed increase in freight rates in the territory west of the Mississippi was suspended by injunction, the railroads in the east and middle west today filed with the interstate commerce commission, tariffs for increased rates. Wickersham declines to indicate the course he will pursue on behalf of the government.

Practically every railroad system in the north, from the Atlantic

to the Pacific, tonight has filed with the interstate commerce commission a legal notification of the proposed increases in commodity rates. The increases range from 3 to 31 per cent. Like the revised schedules filed by the roads west of the Mississippi, the increased tariffs from the central freight association were filed in concert. The time set for the increases to go into effect on the eastern roads is generally July 5. On the roads of the middle west July 1st is the date fixed.

LEMON MILL AT  
MANHATTAN FREE  
OF LITIGATION

PROPERTY SOLD AT SHERIFF'S SALE AND WILL SOON RESUME WORK.

The old Lemon mill at Manhattan, which has been in litigation for the past four years, was sold yesterday at sheriff's sale and purchased by J. V. Priest, who is acting for eastern capitalists, for a sum of over \$6,000.

It is understood that additional machinery will be installed at once and the mill operated for the treatment of custom ores. The remaining plants at Manhattan are now working overtime in an effort to catch up with the ore awaiting treatment, and an additional mill will greatly aid to do away with the congestion.

The Lemon mill was built about four years ago but dissatisfaction soon arose between those interested and before long a half dozen suits were filed. The principal creditors have been working for the past year to straighten matters up and yesterday's sale leaves the property ready again to be placed in commission.

Vaudeville acts will be shown tonight at the Big Casino every half hour.

DEMOCRATS NOW  
IN FAVOR OF THE  
RAILROAD BILL

By Associated Press.  
WASHINGTON, June 2.—But for the fact that Overman of North Carolina succeeded in having the senate incorporate in the railroad bill a provision regulating injunction proceedings affecting state laws, the senate probably would have voted on the bill today. The acceptance of that provision had the effect of inclining some of the democrats more favorably toward the bill and causing the democratic side of the chamber to request an opportunity for consultation before reaching the voting state on the final passage.

After this agreement was reached Elkins and Hale made an effort to get the senate to vote on the bill before adjournment tomorrow, but without success. Just before adjournment Elkins gave notice that at the proper time he would ask the senate to substitute a senate bill for the house bill. Elkins succeeded in having adopted the amendment postponing until sixty days after its passage as the time when the proposed law shall go into effect.

Miss Norda Hansen has resigned her position with the local telephone company and left yesterday for the coast where she will make her future home.
